

Your Wealth Management Team

Effective January 1st 2025, The Dichter/Pappas Wealth Management Group will be rebranded as **DPS GENERATIONAL WEALTH MANAGEMENT**. We believe that continuity is essential to the pursuit of achieving a legacy of wealth and financial independence. Tyler Smith, Financial Advisor, has been instrumental in our focus towards the multi-generational wealth of our clients. As we enter 2025, we are excited to officially announce Tyler J. Smith will be joining Steven Dichter, Managing Principal, and Philip Pappas, Senior Financial Advisor, as the newest Partner at our practice.

We also want to take this opportunity to introduce Melissa Amato, our Client Service Associate who has been with us since 2023. Melissa has redefined the client service associate position for our practice. Melissa has managed multiple client service initiatives and administrative assignments seamlessly with the vigor required to complete the behind-the-scenes activity mandatory in our exacting industry!

If you have not had the opportunity to work with Tyler Smith or Melissa Amato, we hope you take an extra second to introduce yourself and get to know them.

***We created a multi-generational wealth management practice for you,
our multi-generational wealth clients.***
